Stephen Jolayemi
Web Developer Resume

PERSONAL STATEMENT

I consider myself to be an ambitious and problem solver with a passion for hand coding. It is my pleasure to work with a team of like-minded web developers. I have keen interest in Internet technology,
web development, site engine optimisation, innovative design, responsive web design, grids layouts and attention to detail.
I enjoy meeting new challenges and seeing them through to completion, while remaining confident and good humoured under pressure. Good communications skills and able to produce and adapt designs ideas quickly.
Right now, I am looking for a suitable position with a company where outstanding is recognised and rewarded by taken my career to the next level and allow me to work alongside a very specialised team.
